CULTURAL DIRECTIONS: A printed booklet containing complete cultural directions for both peonies and irises will be enclosed with each order.

1932 Price List — Peonies

Standard size plants as adopted by the Growers Association, having three to five eyes with well-balanced root system, vigorous plants needing no coddling to produce strong, satisfactory growth. Divisions made from two or three-year-old plants, thus insuring healthy stock. Larger plants or clumps for immediate effect can be furnished in most varieties. Special prices upon application.

In addition to the prices shown below for the varieties offered, there is also given the American Peony Society rating as to quality, the approximate season of bloom and the general color classification. Under Season "E" indicates early, "M" midseason and "L" late; for Color "W" indicates white, "LP" light pink, "DP" dark pink and "R" red.

1932 Price List — Irises (Tall Bearded)

U. S. Department of Agriculture

Standard size plants as adopted by the Growers Association, having strong single rhizomes which should bloom the next season. Size varies with varieties (some varieties never develop large rhizomes) and with the season. All are larger in late August and September. Larger plants or clumps for immediate effect can be furnished in most varieties. Special prices on application.

In addition to the prices shown below on the varieties offered, there is also given the American Iris Society rating as to quality and the general color classification as grouped in the Master List. "P" indicates purple; "BL" blue lilac; "PL" pink lilac; "B" bronze; "Y" yellow; "W" white; "F" frilled.
